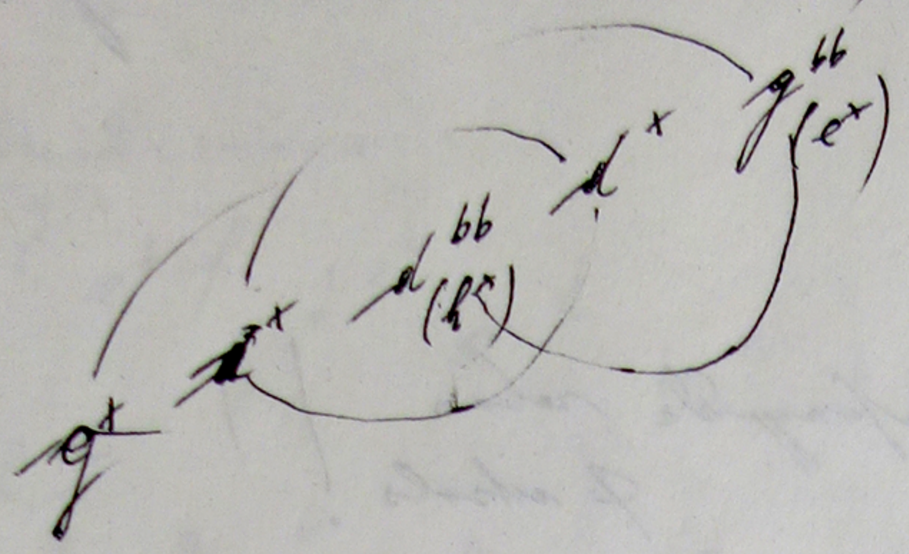
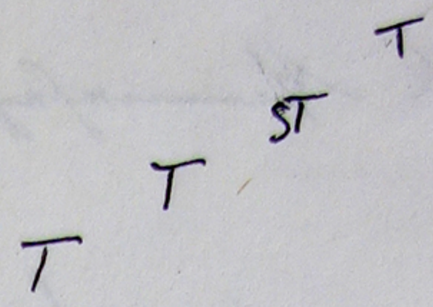
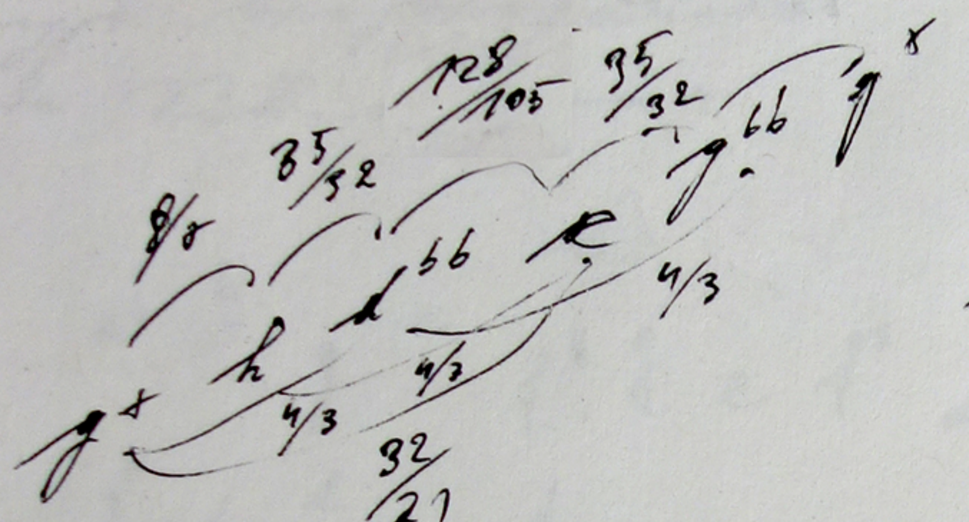
231020 Johann Hedding in g#





und so da haben wir ein Tonbeispiel gefunden:



$\frac{8}{7} \cdot \frac{4}{3} = \frac{32}{21}$

$\frac{4}{3} \cdot \frac{32}{35} = \frac{128}{105}$

$\frac{4}{3} \cdot \frac{105}{128} = \frac{2^2}{2^7} \cdot \frac{3 \cdot 5 \cdot 7}{2^6 \cdot 5} = \frac{35}{32}$

ein Beispiel dazu:

1) sol re mi sol la
2) sol re# mi sol# la#
3) sol re# mi sol# la#
4) sol re# mi# sol# la#
5) sol re mi sol la
